

# Environmental Fact Sheet

Where we can use natural, renewable resources, we do.

Using fewer resources is good for the environment and the bottom line.

We make floors that help people work, play, shop, heal and learn better.

We use more recycled content at the start and recycle more product at the end.

# Harmonium xf™

Harmonium xf™ is part of a system that balances impact across people, the environment and the bottom line. They're part of our goal to develop solutions that use better materials, practice resource stewardship, and create people-friendly spaces while maximizing reused and recycled content.

## BETTER RAW MATERIALS

Harmonium xf™ is based on up to 95% natural raw materials (linseed oil, pine rosin, cork flour, wood flour, limestone and jute) of which 73% are rapidly renewable.

## RESOURCE STEWARDSHIP

Harmonium xf is produced in Narni, Italy. The factory applies an environmental management system (ISO 14001). Over the last five years, our Narni factory made numerous improvements:

- 48% reduction in waste levels
- 60% reduction in water consumption
- 5% reduction in energy consumption

## PEOPLE-FRIENDLY SPACES

One of our core beliefs is that people are happiest when they are offered choices that help them balance their needs and stay true to their values. Harmonium xf delivers valuable health, hygiene and welfare benefits:

- Proprietary xf surface treatment reduces water, detergent and chemical consumption by 50% compared to other products, and ensures easy cleaning and maintenance (no initial wax or polish needed).
- Natural bacteriostatic properties that support good hygiene and inhibit the growth of several bacteria including MRSA, test by IMSL (Industrial Microbiological Services Ltd).
- FloorScore and CHPS certified for good indoor air quality.

*Environmental and sanitary performance is confirmed by various labels: Der Blaue Engel (Germany), Umweltzeichen (Austria), the Swan (Nordic), Geca (Australia) and FloorScore (USA)*

## REUSE AND RECYCLE

- Harmonium xf's Etrusco Collection contains 27% pre-consumer recycled content.
- Harmonium xf's Allegro, Toscano and Veneto Collections contain 37% pre-consumer content.
- All samples can be reclaimed and repurposed as part of our RESTART™ reclamation program.
- Recycling of pre-consumer material has increased by 303% since 2005.

*ISO 14001 certificate no. CERT-592-2003-AE-ROM-SINCERT, ISO 9001 certificate no. CERT-00255-94-AQ-ROM-SINCERT*
